

# Give a Library Book

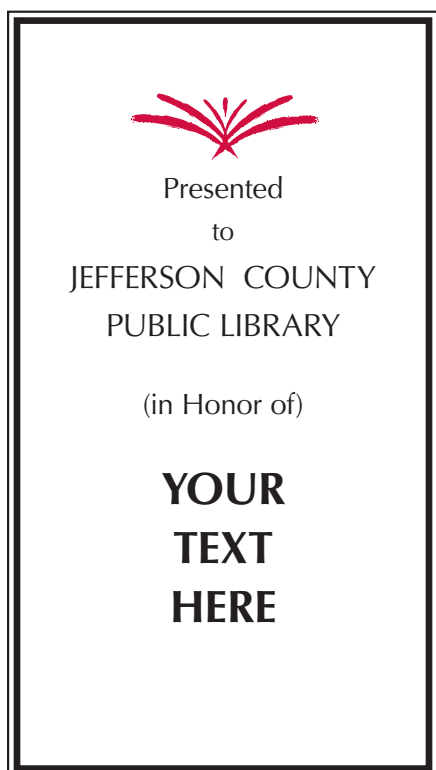

*a gift for all occasions.*

Books make wonderful gifts for people of all ages and interests. Regardless of the occasion, a book in honor of or in memory of someone will have lasting significance. When you fund a book, the library will place a bookplate inscribed with that special someone's name on the inside cover of a new library book. The Jefferson County Library Foundation will notify the recipient of your thoughtful gift with a beautiful acknowledgment card.

Whatever the interest, we have an enormous variety of books to choose from.

A sample bookplate is pictured below.

## Special Considerations

- 📖 Your contribution is tax deductible and helps benefit the Jefferson County Library Foundation, a non-profit organization dedicated to enhance the resources and services of all libraries in the Jefferson County Public Library system.
- 📖 Please allow two weeks for processing. The library will purchase the book(s) in the subject interest you noted; sorry, we are unable to purchase specific titles.
- 📖 The price of the book will closely match the amount of your contribution. Any remaining difference will be used to purchase library books to add to our collection. The balance is not refundable.
- 📖 The shelf life of a book depends on usage. Children's books are well-loved and wear out quickly. The library is unable to re-apply bookplates in replacement books.
